

# Foundation Stage Weekly News

Friday, 13<sup>th</sup> July 2018

## Look what we've been doing!

Well it may not be "coming home" for England this year unfortunately, but we can't believe we are coming home soon for the summer holiday! With only 1 week left in Foundation Stage the children have had such an amazing journey of discovery, learning and fun.

This week we were so lucky to watch the RAF100 flypast over our school field! We joined in with whole school activities, making aircraft displays and learning about all the different names of the aircraft. We also had another Arts morning taking part in music and design workshops.

Who can forget the highlight of our week going to Hylands Park for a teddy bear's picnic! We all had such a lovely time doing the different activities, eating lunch all together and sharing different teddy bear stories while eating yummy ice creams in the sunshine!

On Thursday we were treated to the Year Two's dress rehearsal of "Animal Rumble Grumble!"

which had lots of brilliant songs, dancing and of course fabulous animals!

## Home learning/Tapestry Challenge

As it is the very last week in Reception, we would love you to record your favourite memory from the year. It could be a funny moment in your play, a school visitor, a school trip, something that you have learned about and the reason why it is your favourite? We can then have a lovely "trip down memory lane" session looking at them all in class.

## Reminders and messages

Please note that we have now taken in all reading books and reading records ready to pass up to Year One. However, we have given each child the remaining words and sounds from their current revision list to continue to practise through the summer in preparation for their new classes.

We will also be sending home PE kits today and each child's orange learning folder next week. A separate letter will be going out to inform you about the Tapestry deadline and how you are able to access your child's Tapestry photos from the year in PDF form.

As it is still continuing to be very hot, please remember your hat, water bottle and to apply daily sun screen. Please bring in a labelled plastic bag on Monday so we can start filling them up with children's things to take home.

Have a lovely sunny weekend!
