

Foundation Stage Weekly News

Thursday, 19th July 2018

Look what we've been doing!

This week we had our last Arts morning, so the Squirrels went to Mrs Fisk and practised drawing portraits. Foxes went to Dolphins and had a music lesson with Mrs Wilson.

Bobby's Dad came in to work with Foxes this week. He brought some clay and the children had such fun making faces and other sculptures. He also built two of our sheds, thank you so much for helping us! We do have one more shed to build if anyone would like to help us? We will be here tomorrow and Monday to Wednesday next week.

We went to visit our new classrooms twice and had a story and watched a movie! The children have also been helping us sort the toys and take all the work off the wall. It looks so empty!

Home learning/Tapestry Challenge

Please remember to download your child's Tapestry Learning Journey. You have 26 days to do it. We hope you enjoyed looking at your child's folder and Learning Journey. Mrs Fisk's son still likes looking at his and he is in Year 3!

Please note anything added now will not go into your child's learning journey.

Reminders and messages

Thank you so much for our amazing cards and gifts. We are literally overwhelmed by your generosity and kind words! We have had a brilliant year with Foxes and Squirrels, they are a credit to you and we are so proud of them. They have grown so much, they are independent, enthusiastic and interested learners. Thank you for all your support as well, we will miss you all.

Have a lovely summer holiday!
