

The Melting Song

Drip, drop, can you hear a sound?

Drip,drop,drip,drop

Drip, drop, can you hear a sound?

Drip drop, drip drop

The icebergs where we like to play

Are melting, melting away

Drip , drop, drip, drop, drip, drop

Drip, drop, can you hear a sound?

Drip,drop,drip,drop

Drip, drop, can you hear a sound?

Drip drop, drip drop

The snowy hills where we like to slide

Are melting in front of our eyes

Drip , drop, drip, drop, drip, drop

Drip, drop, can you hear a sound?

Drip,drop,drip,drop

Drip, drop, can you hear a sound?

Drip drop, drip drop

The icy land where we like to meet

Is melting under our feet

Drip, drop, drip, drop, drip, drop

We're great big polar bears

We're great big polar bears sitting on the ice
And we all think that ice is nice

We're great big polar bears sitting on the ice
And we all think ice is nice

CHORUS Don't let the ice
Don't let the ice
Don't let the ice melt away

Its getting warmer and we're feeling hot
All this melting has to stop
It's getting warmer and we're feeling hot
All this melting has to stop

CHORUS Don't let the ice
Don't let the ice
Don't let the ice melt away

We're great big polar bears sitting on the ice
And we all think that ice is nice
We're great big polar bears sitting on the ice
And we all think that ice is nice!

The walking song

If your journey's short you could walk to school
Walking can be really cool
It can make you fit
Have you thought about it?
You could walk, walk to school.

If your journey's short you could skip to school
Skipping can be really cool
It can make you fit
Have you thought about it?
You could skip, skip to school.

If your journey's short you could scooter to school
Scooting can be really cool
It can make you fit
Have you thought about it?
You could scoot, scoot to school.

If your journey's short you could cycle to school
Cycling can be really cool
It can make you fit
Have you thought about it?
You could cycle, cycle to school.

If you're feeling cool, dress hot!

If you're feeling cool today, dress hot, dress hot,

If you're feeling cool today, dress hot, dress hot

You can save some energy,

This is how we want to be

So if you're feeling cool, dress hot!

If the weathers fine then hang your washing on the line

If the weathers fine then hang your washing on the line

You can save some energy,

This is how we want to be

So if the weathers fine, use the line!

When you leave the room, don't forget to turn out the
lights

When you leave the room don't forget to turn out the
lights

You can save some energy,

This is how we want to be

So when you leave the room , turn out the lights!

If you want to keep all the heat, then shut the door

If you want to keep all the heat, then shut the door

You can save some energy,

This is how we want to be

So keep the heat and shut that door!

Trees

Beautiful trees standing high
Reaching, reaching up to the sky
Swallowing up the CO_2
If we didn't have them, what would we do?
What would we do?

Swaying free in the breeze
Bending branches, whispering leaves
Keeping earth cool as it goes around
Please don't chop too many trees down
Too many trees down.

Beautiful trees standing high
Reaching, reaching up to the sky
Swallowing up the CO_2
If we didn't have them, what would we do?
What would we do?

The recycling song

Don't put your glass bottles in the trash
Put them in a box, you can do it in a flash
A lorry will take them, shine or rain
Then we'll grind them up and use them again.

Don't put your cardboard in the trash
Put them in a box, you can do it in a flash
A lorry will take them, shine or rain
Then we'll grind them up and use them again.

Don't put your paper in the trash
Put them in a box, you can do it in a flash
A lorry will take them, shine or rain
Then we'll grind them up and use them again.

Don't put your plastics in the trash
Put them in a box, you can do it in a flash
A lorry will take them, shine or rain
Then we'll grind them up and use them again.

Don't put your tin cans in the trash
Put them in a box, you can do it in a flash
A lorry will take them, shine or rain
Then we'll grind them up and use them again.

Use it Again

Use it again, use it again

If you've got a carrier bag, use it again

Don't throw it in the bin, you don't need to put it in,

Use it again, use it again

Use it again, use it again

If you've got a water bottle, use it again

Don't throw it in the bin, you don't need to put it in,

Use it again, use it again

Use it again, use it again

If you've got an envelope, use it again

Don't throw it in the bin, you don't need to put it in,

Use it again, use it again

Use it again, use it again

If you've got a glass jar, use it again

Don't throw it in the bin, you don't need to put it in,

Use it again, use it again

One World

Think, think, think as you go, go ,go

Think, think, think, 'cos you know, know, know

CHORUS We have one world to care for
So we must make sure
We think about our world today

Think, think, think as you walk about

Think, think, think, as you shout it out.....

CHORUS We have one world to care for
So we must make sure
We think about our world today

Think, think, think every night and day

Think, think, think, there's a better way

CHORUS We have one world to care for
So we must make sure
We think about our world today

We have one world to care for
So we must make sure
We think about our world today
