

ME HEARTY HIGH

- 1 We're pirates in training,
We must make the grade,
We're learning our skills and the tricks of the trade,
Like eye-patch positions and weather conditions
And counting our pieces of eight.

CHORUS *Oh there's a lot to learn, there's a lot to do
Before we can pass as a pirate crew,
There's more to this than meets the eye,
But we're learning fast at Me Hearty High!*

- 2 There's scurvy prevention
And sea sickness tests,
Then lock-breaking lessons for gold treasure chests,
There's brewing and swigging,
And climbing the rigging,
We must pass them all for success

CHORUS (repeat last line)

WE DON'T LIKE MERMAIDS

1 Pirates

We don't like mermaids, they're bossy and they're mean,
We don't like mermaids, they think they rule the sea,
They say we're not real pirates and we'll never make the grade,
But they don't work at anything, they're just plain vain.....

Split into groups and copy each line (spoken):

Mind my hair, mind my hair
Mind my nails mind my nails
Mind my jewels, mind my jewels
Mind my tail mind my tail!

Pirates

They say we're not real pirates and we'll never make the grade,
But they don't work at anything, they're just plain vain.

2 Mermaids

We don't like pirates, they're tricky and they're sly,
We don't like pirates, they're mocking and unkind,
They say we're silly mermaids and they think that they're so tough,
But all they do is swagger round and brag about their stuff....

Split into groups and copy each line (spoken):

Look at my hook, look at my hook
Look at my patch look at my patch
Look at my sword look at my sword
Look at my hat look at my hat!

All mermaids

They say we're silly mermaids and they think that they're so tough,
But all they do is swagger round and brag about their stuff....

3 Pirates

We don't like mermaids, they're sneaky and they're cruel,

Mermaids

We don't like pirates, they're smelly and they're rude.

Pirates

You think that you're so special

Mermaids

And you think that you're so cool,

Pirates & Mermaids

But soon you'll see that we're the best, by far the better crew!

AVAST! AHOY!

All the children will sing this and will be split on the day depending on their places

1 **Group 1** **Group 2**

Swab the decks
Rig the mast
Hoist the sail
Clean the brass

Swab the decks
Rig the mast
Hoist the sail
Clean the brass

All

We're off to find mermaids, we don't know where,
We're singing a shanty as we prepare.

Chorus

Avast! Ahoy!

We'll be the scariest pirates that you've ever seen.

Avast! Ahoy!

We'll be the rulers of the seven seas.

2 **Group 1** **Group 2**

Coil the ropes
Batten the hatch
Swing the lead
Raise the flag

Coil the ropes
Batten the hatch
Swing the lead
Raise the flag

All

Ready the ship for the journey today,
We're off to seek mermaids and find their caves.

Chorus

I'M A PARROT

1 All

I'm a parrot, I'm a parrot, I'm a very chatty parrot,
Every pirate needs a parrot don't you know?
I'm your must-have, I'm your key, your absolute necessity,
No you're not a proper pirate on your own!

Chorus Oh he's a squawking, talking, funny-walking,
Flapping, yapping, aye-aye captain,
Shoulder-hugging, pirate-loving friend!

2 All

I'm a parrot, I'm a parrot, I'm a very chatty parrot,
Every pirate needs a parrot don't you know?
Hasn't anybody told ya that you need me on your shoulder?
No you're not a proper pirate on your own!

Chorus

3 SOLO PARROT ACTOR SPOKEN

I'm a parrot, I'm a parrot, I'm a very chatty parrot,
Every pirate needs a parrot don't you know?
I'm your must-have, I'm your key, your absolute necessity,
No you're not a proper pirate on your own!

Chorus with harmony – faster

OUT OF YOUR LEAGUE!

1 All

We don't need a ship to get around in the sea,
We don't need help to navigate, we're GPS free!
We can weather any storm without the shelter you need,
Face it pirates, we're way out of your league!

Chorus We're sassy, we're flashy
 We're one of a kind,
 We're gritty, we're witty
 We know our own mind.
 Throughout the course of history
 We've kept an air of mystery
 And you don't know much
 About the mermaids at all.

2 All

We like to be pretty, we like to be bling!
With salon-ready hair and lots of sparkly things,
But these things don't define us, I think you'll agree,
Face it pirates, we're way out of your league!

Chorus We're sassy, we're flashy
 We're one of a kind,
 We're gritty, we're witty
 We know our own mind.
 Throughout the course of history
 We've kept an air of mystery
 And you don't know much
 About the mermaids at all.

Last Chorus We're sassy, we're flashy
 We're one of a kind,
 We're gritty, we're witty
 We know our own mind.

Throughout the course of history
We've kept an air of mystery
And you don't know much
You don't know much,
You don't know much,
About the mermaids at all.

(Spoken) Talk to the fin, cause we ain't listening!

POOL PARTY

1 Mermaids

Have you got your shades on?
Have you got your swimmers?
Have you got your sun cream,
Your goggles, your flippers?
Have you got the food in?
Have you lit the barby?
Then you're set to dive into the party!

Pirates

YES!
AYE-AYE

ARRRR
ARRRR
AYE- AYE

Chorus

We're having a pool party
In the big, blue sea,
Won't you all join in and dance and swim
And karaoke?
There'll be some laughing, some splashing
Some eating, some chatting,
So get this party going right now, now, now!

A LIFE AT SEA

1 ALL

Together we'll rule the sea
There's adventure waiting for you and me,
Together we'll learn to live and share the ocean.
The wind in our hair
And the salt on our lips
And the waves that blow wild and free,
We know for us it's a life at sea,
There's no other place we'd rather be.
