

Children's School Improvement Plan

For the period: September 2020 - July 2021

Here are some things we are going to do to help you this year.

What you told us	What will we do together?
You have not been in a big class of 30 for a while and have missed your friends.	We will spend lots of time helping you to get to know your friends again and help you as you get used to coming to school everyday after we were closed
Some of you would like to run every day.	We will have running time every day with your year group and other activities at playtime. We will have lots of sport and chances to compete with other schools
Some of you may be worried about coming to school after being at home	We will do lots of nice things with you and give you lots of opportunities to play together in your class and get to know new children
We want to make your learning even more interesting.	We will plan new themes and activities for you and hope to give you more special events that you will remember. We will buy you some new board games for lunchtimes and playtimes.
We would like to look after your adults who work in school even more.	We will choose some fun things for your adults to do together when you are at home.

"A special place where everyone feels included and valued and achieves their best."
