

Child Protection Policy

Date of policy: 5th May 2022

Date last review adopted by governing body: 5th May 2022

Frequency of review: As required

Designated safeguarding lead:	Helen Castell, Headteacher (01245 420963)
Deputy designated safeguarding lead:	Tracey Wilson, Deputy Headteacher (01245 420963) Caroline Standen SENCO (01245 420963)
Designated safeguarding governor:	Bobbie Charlick (01245 420963)

1. Introduction

"Schools and their staff form part of the wider safeguarding system for children. Everyone who comes into contact with children and their families and carers has a role to play in safeguarding children. In order to fulfil this responsibility effectively, all professionals should make sure their approach is child-centred. This means that they should consider, at all times, what is in the best interests of the child."
(Keeping Children Safe in Education – DfE, 2021)

This Child Protection Policy is for all staff, parents, governors, volunteers and the wider school community. It forms part of the safeguarding arrangements for our school. It should be read in conjunction with the following: Safer Recruitment Policy, Staff Code of Conduct Policy, Anti-Bullying Policy, Relationships and Behaviour Policy, Internet access/E-safety policy, Health and Safety Policy and Educational Visit Policy. It should also be read in conjunction with Keeping Children Safe in Education (DfE, 2021).

Please see our E-Safety Policy which clarifies our approach to E-safety in terms of safeguarding.

Safeguarding and promoting the welfare of children (defined as under 18) is defined in Keeping Children Safe in Education as:

- Protecting children from maltreatment
- Preventing impairment of children's health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

Our school has a whole-school approach to safeguarding, which ensures that keeping children safe is at the heart of everything we do and underpins all systems, processes and policies. It is important that our values are understood and shared by all children, staff, parents / carers, governors and the wider school community. Only by working in partnership, can we truly keep children safe.

2. Statutory framework

- 2.1. There is government guidance set out in [Working Together \(DfE, 2018\)](#) on how agencies must work in partnership to keep children safe. This guidance places a shared and equal duty on three Safeguarding Partners (the Local Authority, Police and Health) to work together to safeguard and promote the welfare of all children in their area under multi-agency safeguarding arrangements. These arrangements sit under the [Essex Safeguarding Children Board](#) (ESCB). In Essex, the statutory partners are Essex County Council, Essex Police and five of the seven Clinical Commissioning Groups covering the county.
- 2.2. Section 175 of the Education Act 2002 places a statutory responsibility on the governing body to have policies and procedures in place that safeguard and promote the welfare of children who are pupils of the school.
- 2.3. The development of appropriate procedures and the monitoring of good practice in Essex are the responsibilities of the Essex Safeguarding Children Board (ESCB). In Essex, all professionals must work in accordance with the SET Procedures . Our school works in accordance with the following legislation and guidance (this is not an exhaustive list):

[Keeping Children Safe in Education \(DfE, 2021\)](#)

[Working Together \(DfE, 2018\)](#)

Education Act (2002)

[Effective Support for Children and Families in Essex](#) (ESCB, 2017)

[Counter-Terrorism and Security Act \(HMG, 2015\)](#)

[Serious Crime Act 2015](#) (Home Office, 2015)

Children and Social Work Act (2017)

[Children Missing Education - statutory guidance for local authorities \(DfE, 2016\)](#)

Sexual Offences Act (2003)

Education (Pupil Registration) Regulations 2006

[Information sharing advice for safeguarding practitioners \(HMG, 2018\)](#)

[Data Protection Act \(2018\)](#)

[What to do if you're worried a child is being abused](#) (HMG, 2015)

[Searching, screening and confiscation](#) (DfE, 2018)

Children Act (1989)

Children Act (2004)

[Preventing and Tackling Bullying \(DfE, 2017\)](#)

Female Genital Mutilation Act 2003 (S. 74 - Serious Crime Act 2015)

[Sexual violence and sexual harassment between children in schools and colleges](#) (DfE, 2018)

[Promoting positive emotional well-being and reducing the risk of suicide](#) (ESCB, 2018)

[Preventing youth violence and gang involvement](#) (Home Office, 2015)

[Criminal Exploitation of children and vulnerable adult - county lines guidance](#) (Home Office, 2018)

[Teaching on-line safety in schools](#) (DfE, 2019)

[Education Access Team CME / Home Education policy and practice](#) (ECC, 2018)

3. Procedures

Our school works with key local partners to promote the welfare of children and protect them from harm. This includes providing a co-ordinated offer of early help when additional needs of children are identified and contributing to inter-agency plans which provide additional support (through a 'child in need' or a 'child protection' plan).

All staff members have a duty to identify and respond to suspected / actual abuse or disclosures of abuse. Any member of staff, volunteer or visitor to the school who receives a disclosure or allegation of abuse, or suspects that abuse may have occurred **must** report it immediately to the designated safeguarding lead (or, in their absence, the deputy designated safeguarding lead).

All action is taken in accordance with the following guidance;

- Essex Safeguarding Children Board guidelines - the SET (Southend, Essex and Thurrock) Child Protection Procedures (ESCB, 2022)
- [Essex Effective Support](#)
- Keeping Children Safe in Education (DfE, 2021)
- Working Together to Safeguard Children (DfE, 2018)
- 'Effective Support for Children and Families in Essex' (ESCB)
- PREVENT Duty - Counter-Terrorism and Security Act (HMG, 2015)

Any staff member or visitor to the school must refer any concerns to the designated safeguarding lead or deputy designated safeguarding lead. Where there is risk of immediate harm, concerns will be referred by telephone to the Children and Families Hub and / or the Police. Less urgent concerns or requests for support will be sent to the Children and Families Hub via the [Essex Effective Support](#) portal. The school may also seek advice from Social Care or another appropriate agency about a concern, if we are unsure how to respond to it. Wherever possible, we will share any safeguarding concerns, or an intention to refer a child to Children's Social Care, with parents or carers. However, we will not do so where it is felt that to do so could place the child at greater risk of harm or impede a criminal investigation. On occasions, it may be necessary to consult with the Children and Families Hub and / or Essex Police for advice on when to share information with parents / carers.

If a member of staff continues to have concerns about a child and feels the situation is not being addressed or does not appear to be improving, the staff member concerned should press for re-consideration of the case with the designated safeguarding lead.

If, for any reason, the designated safeguarding lead (or deputy) is not available, this should not delay appropriate action being taken. Safeguarding contact details are displayed in the school to ensure that all staff members have unfettered access to safeguarding support, should it be required. Any individual may refer to Social Care where there is suspected or actual risk of harm to a child.

When new staff, volunteers or regular visitors join our school they are informed of the safeguarding arrangements in place, the name of the designated safeguarding lead (and deputy) and how to share concerns with them.

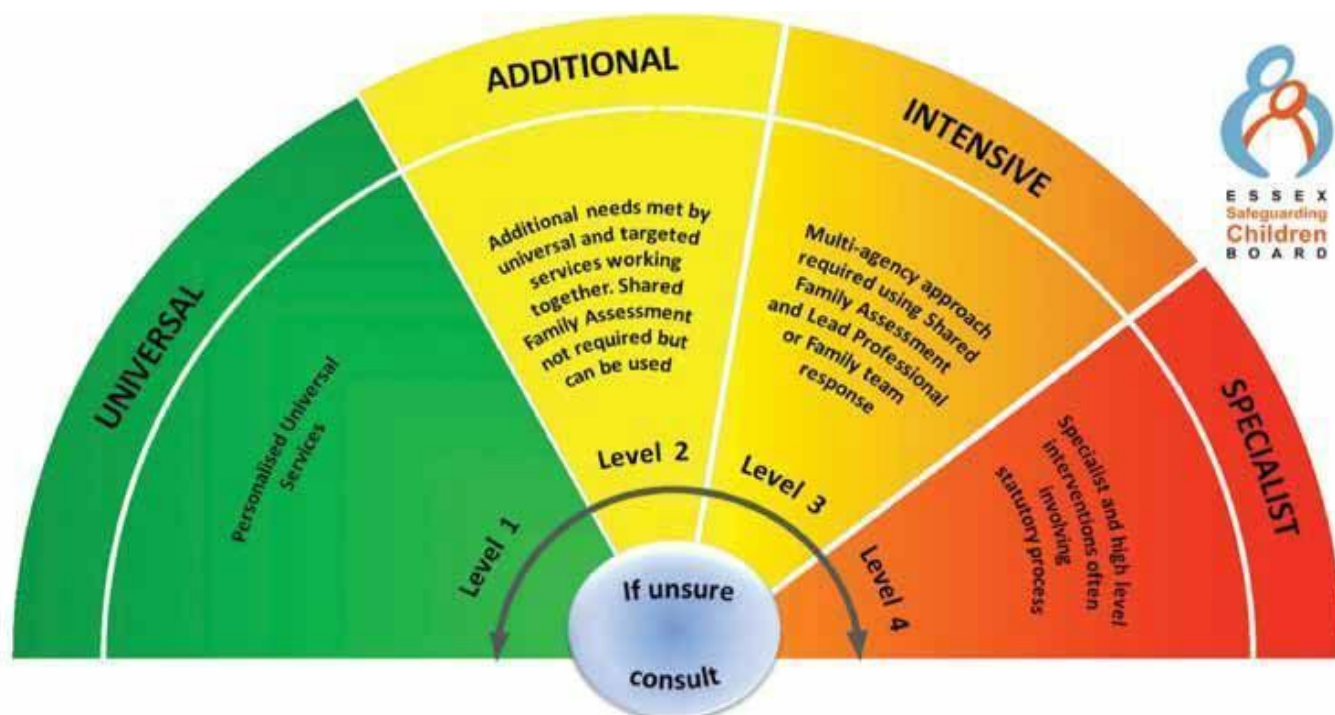

If someone calls the school saying they are from social care we will always take the number and call them back. The same applies with unexpected visitors claiming they are from social care.

Essex Windscreen of Need and levels of intervention

Statement from Essex Safeguarding Board: All partners working with children, young people and their families will offer support as soon as we are aware of any additional needs. We will always seek to work together to provide support to children, young people and their families at the lowest level possible in accordance with their needs.

Children with **Additional** needs are best supported by those who already work with them, such as Family Hubs or schools, organising additional support with local partners as needed. When an agency is supporting these children, an Early Help Plan and a Lead Professional are helpful to share information and co-ordinate work alongside the child and family.

For children whose needs are **Intensive**, a coordinated multi-disciplinary approach is usually best, involving either an Early Help Plan or a Shared Family Assessment (SFA), with a Lead Professional to work closely with the child and family to ensure they receive all the support they require. Examples of intensive services are children's mental health services and Family Solutions.

Specialist services are where the needs of the child are so great that statutory and/or specialist intervention is required to keep them safe or to ensure their continued development. Examples of specialist services are Children's Social Care or Youth Offending Service. By working together effectively

with children that have additional needs and by providing coordinated multi-disciplinary/agency support and services for those with intensive needs, we seek to prevent more children and young people requiring statutory interventions and reactive specialist services.

Prevention of Radicalisation
As of July 2015, the Counter-Terrorism and Security Act (HMG, 2015) placed a new duty on schools and other education providers. Under section 26 of the Act, schools are required, in the exercise of their functions, to have “due regard to the need to prevent people from being drawn into terrorism”. This duty is known as the Prevent duty. It requires schools to:

- Teach a broad and balanced curriculum which promotes spiritual, moral, cultural, mental and physical development of pupils and prepares them for the opportunities, responsibilities and experiences of life and must promote community cohesion;
- Be safe spaces in which children / young people can understand and discuss sensitive topics, including terrorism and the extremist ideas that are part of terrorist ideology, and learn how to challenge these ideas;
- Be mindful of their existing duties to forbid political indoctrination and secure a balanced presentation of political issues.

Our school works in accordance with the PREVENT Duty and approaches this issue in the same way as any other child protection matter. Any concerns that one of our pupils is at risk in this respect, will be referred to Children’s Social Care in line with the SET procedures. CHANNEL is a national programme which focuses on providing support at an early stage to people identified as vulnerable to being drawn into terrorism. All staff members understand how to identify those who may benefit from this support and how to make a referral to the Essex CHANNEL panel.

4. Roles and responsibilities

All adults working with or on behalf of children have a responsibility to protect them and to provide a safe environment in which they can learn and achieve their full potential. There are, however, key people within schools and the Local Authority who have specific responsibilities under child protection procedures. The names of those people are shown on the cover sheet of this document. We are clear that safeguarding is everyone’s responsibility and that everyone who comes into contact with children has a role to play.

The Governing Body

The governing body ensures that the policies, procedures and training in our school are effective and comply with the law at all times. It ensures that all required policies relating to safeguarding are in place, that the child protection policy reflects statutory and local guidance and is reviewed at least annually.

The governor for safeguarding arrangements is named on the front cover of this document. This governor takes strategic responsibility at governing body level for safeguarding arrangements in our school. The governing body ensures there is a named designated safeguarding lead and at least one deputy safeguarding lead in place (also named on the front cover).

The governing body ensures the school contributes to inter-agency working, in line with statutory and local guidance. It ensures that information is shared and stored appropriately and in accordance with statutory requirements.

The governing body ensures that all staff members undergo safeguarding and child protection training at induction and that it is then regularly updated. All staff members receive regular safeguarding and child protection updates, at least annually, to provide them with the relevant skills and knowledge to keep our children safe.

The governing body ensures our pupils are taught about safeguarding (including online safety) through teaching and learning opportunities as part of a broad and balanced curriculum. From September 2020, our school will work in accordance with new government regulations which make the subjects of Relationships Education (for primary age pupils) and Relationships and Sex Education (for secondary age pupils) and Health Education (for all pupils in state-funded schools) mandatory.

The governing body and school leadership team are responsible for ensuring the school follows recruitment procedures that help to deter, reject or identify people who might abuse children. It adheres to statutory responsibilities to check adults working with children and has recruitment and selection procedures in place (see the school's 'Safer Recruitment' policy for further information).

The Headteacher

The Teachers' Standards 2012 state that teachers (which includes headteachers) should safeguard children's wellbeing and maintain public trust in the teaching profession as part of their professional duties. The Headteacher works in accordance with all statutory requirements for safeguarding and is responsible for ensuring that safeguarding policies and procedures adopted by the governing body are followed by all staff.

The Designated Safeguarding Lead (and Deputy / Deputies)

The designated safeguarding lead in school has ultimate lead responsibility for safeguarding and child protection. Their role includes managing child protection referrals, working with other agencies, ensuring all staff are appropriately trained and raising awareness of all safeguarding and child protection policies and procedures. They ensure that everyone in school (including temporary staff, volunteers and contractors) is aware of these procedures and that they are followed at all times. They act as a source of advice and support for other staff (on child protection matters) and ensure that timely referrals to Essex Children's Social Care (Children and Families Hub) are made in accordance with current SET procedures. They work with the local authority and the ESCB as required and ensure that information is shared appropriately.

The deputy/deputies designated safeguarding lead is / are trained to the same standard as the designated safeguarding lead. If for any reason the designated safeguarding lead is unavailable, the deputy/deputies designated safeguarding lead will act in their absence.

The online Request for Support portal is the email route for submitting all non-urgent Requests for Support. Essential information will include the pupil's name, address, date of birth, family composition, the reason for the referral, whether the child's parents are aware of the referral, the name of the person who initially received the disclosure plus any advice given.

The school will always undertake to share our intention to refer a child to Children's Social Care with the parents or carers, unless to do so could place the child at greater risk of harm or impede a criminal investigation. On these occasions advice will be taken from the Hub and / or Essex Police.

If a member of staff continues to have concerns about a child and feels the situation is not being addressed or does not appear to be improving, the staff member concerned should press for re-consideration of the case with the Designated Safeguarding Lead.

Safeguarding contact details will be kept prominently displayed in the school to ensure that all staff have unfettered access to safeguarding support.

All school staff

Everyone in our school has a responsibility to provide a safe learning environment in which our children can learn. All staff members are prepared to identify children who may benefit from early help and understand their role within this process. This includes identifying any emerging problems so appropriate support may be provided and liaising with the designated safeguarding lead to report any concerns. All staff members are aware of and follow school processes (as set out in this policy) and are aware of how to make a referral to Social Care if there is a need to do so. Any concerns must be acted on immediately.

5. Training and support

The Designated Safeguarding Lead, appointed by the governing body, (and Deputy) will undergo updated Level 3 child protection training every two years. The Headteacher, all staff members and governors access child protection training which is updated regularly, in line with advice from the Essex Safeguarding Children Board (ESCB). Records of any child protection training undertaken is kept for all staff and governors.

The school ensures that the designated safeguarding lead (and deputy) also undertakes training in inter-agency working and other matters as appropriate

6. Professional confidentiality

Confidentiality is an issue which needs to be discussed and fully understood by all those working with children, particularly in the context of child protection. A member of staff must never guarantee confidentiality to a pupil nor should they agree with a pupil to keep a secret as, where there is a child protection concern, this must be reported to the Designated Safeguarding Lead and may require further investigation by appropriate authorities.

Information on individual child protection cases may be shared by the designated safeguarding lead (or deputy) with other relevant staff members. This will be on a 'need to know' basis only and where it is in the child's best interests to do so.

7. Records and information sharing

Well-kept records are essential to good child protection practice. Our school is clear about the need to record any concern held about a child or children within our school, the status of such records and when these records should be shared with other agencies.

Where there are concerns about the safety of a child, the sharing of information in a timely and effective manner between organisations can reduce the risk of harm. While GDPR (2018) places duties on organisations and individuals to process personal information fairly and lawfully, it is not a barrier to sharing information where the failure to do so would result in a child or vulnerable adult being placed at risk of harm. Schools do not need consent to share personal information...provided that there is a lawful basis to process any personal information required. Similarly, human rights concerns, such as respecting the right to a private and family life would not prevent sharing where there are real safeguarding concerns. Fears about sharing information cannot be allowed to stand in the way of the need to safeguard and promote the welfare of children at risk of abuse or neglect. Generic data flows related to child protection are recorded in our Records of Processing Activity and regularly reviewed; and our online school privacy notices accurately reflect our use of data for child protection purposes.

Any member of staff receiving a disclosure of abuse or noticing signs or indicators of abuse, will record it as soon as possible, noting what was said or seen (if appropriate, using a body map to record), giving the date, time and location. All records will be dated and signed and will include the action taken. This is then presented to the designated safeguarding lead (or deputy), who will decide on appropriate action and record this accordingly. This will be recorded on CPOMS

Any records related to child protection are kept in an individual child protection file for that child (which is separate to the pupil file). All child protection records are stored securely and confidentially and will be retained for 25 years after the pupil's date of birth, or until they transfer to another school / educational setting.

In line with statutory guidance, where a pupil transfers from our school to another school / educational setting (including colleges), their child protection records will be forwarded to the new educational setting. These will be marked 'Confidential' and for the attention of the receiving school's designated safeguarding lead, with a return address on the envelope so it can be returned to us if it goes astray. We will obtain evidence that the paperwork has been received by the new school and then destroy any copies held in our school. Where appropriate the designated safeguarding lead may also make contact with the new educational setting in advance of the child's move there to enable planning so that appropriate support is in place when the child arrives. Wherever possible this information will be taken by hand.

8. Interagency Working

It is the responsibility of the Designated Safeguarding Lead to ensure that the school is represented and that a report is submitted to any child protection conference called for children on the school roll or previously known to them. Whoever attends should be fully briefed on any issues or concerns the school has and be prepared to contribute to the discussions at the conference.

If a child is made subject to a Child Protection Plan, it is the responsibility of the Designated Safeguarding Lead to ensure the child is monitored regarding their school attendance, welfare and presentation. If the school are part of the core group then the Designated Safeguarding Lead should ensure that the school is represented and contributes to the plan at these meetings; that there is a record of attendance and issues discussed. All concerns about the child protection plan and / or the child's welfare should be discussed and recorded at the core group meeting unless the child is at further risk of significant harm. In this case the Designated Safeguarding Lead must inform the child's key worker immediately and then record that they have done so and the actions agreed.

9. Specific safeguarding issues/Types of abuse

Keeping Children Safe in Education (DfE, 2020) defines abuse as the maltreatment of a child.

"Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or another child or children."

The four main types of abuse referred to in Keeping Children Safe in Education are:

- Physical
- Emotional
- Sexual
- Neglect

Our staff will always reassure children who report abuse / victims of abuse that they are taken seriously and that they will be supported and kept safe. We will never make a child feel ashamed for reporting abuse, nor make them feel they are causing a problem.

All staff in our school are aware of the signs of abuse and neglect so we are able to identify children who may be in need of help or protection. All staff are aware of environmental factors which may impact on a child's welfare and safety and understand safeguarding in the wider context (contextual safeguarding). We understand that abuse, neglect and safeguarding issues are rarely 'stand-alone' events and that, in most cases, multiple issues will overlap.

In addition, staff are aware of other types of abuse and safeguarding issues that can put children at risk of harm. We understand that behaviours linked to issues such as drug taking and / or alcohol misuse, deliberately missing education and consensual / non-consensual sharing of nudes and semi-nudes images can be signs that children are at risk.

Expert and professional organisations are best placed to provide up-to-date guidance and practical support on specific safeguarding issues. For example information for schools and colleges can be found on the TES website and NSPCC website. Abuse, neglect and safeguarding issues are complex and can overlap each other. Schools and colleges can also access broad government guidance on the issues listed below via the GOV.UK website:

- child missing from education
- child missing from home or care

- child sexual exploitation (CSE)
- bullying including cyberbullying
- domestic violence
- honour based violence
- drugs
- fabricated or induced illness
- faith abuse
- forced marriage
- gangs and youth violence
- gender-based violence/violence against women and girls
- mental health
- private fostering
- preventing radicalisation
- sexting
- teenage relationship abuse

Peer on peer abuse

Our school may be the only stable, secure and safe element in the lives of children at risk of, or who have suffered harm. Nevertheless, whilst at school, their behaviour may be challenging and defiant, or they may instead be withdrawn, or display abusive behaviours towards other children. Our school recognises that some children may abuse their peers and any incidents of peer on peer abuse will be managed in the same way as any other child protection concern and will follow the same procedures.

Peer on peer abuse can manifest itself in many ways. This may include bullying (including cyber bullying), on-line abuse, 'up-skirting', gender-based abuse, 'sexting' or sexually harmful behaviour. We do not tolerate any harmful behaviour in school and will take swift action to intervene where this occurs. We use lessons and assemblies to help children understand, in an age-appropriate way, what abuse is and we encourage them to tell a trusted adult if someone is behaving in a way that makes them feel uncomfortable. Our school understands the different gender issues that can be prevalent when dealing with peer on peer abuse. Our Anti-Bullying and Behaviour policies give more information about the strategies we will use to prevent and respond to issues within our school. Each case is taken on an individual basis and support may be given from the school, for example counselling.

Child criminal exploitation (CCE) and Child Sexual Exploitation (CSE)

Both CCE and CSE are forms of abuse that occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into taking part in sexual or criminal activity, in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator or facilitator and/or through violence or the threat of violence. CSE and CCE can affect children, both male and female and can include children who have been moved (commonly referred to as trafficking) for the purpose of exploitation.

Some specific forms of CCE can include children being forced or manipulated into transporting drugs or money through county lines, working in cannabis factories, shoplifting or pickpocketing. They can also be

forced or manipulated into committing vehicle crime or threatening/committing serious violence to others.

Child Sexual Exploitation (CSE) is a form of child abuse, which can happen to boys and girls from any background or community. It may occur over time, or be a one-off occurrence. In Essex, the definition of Child Sexual Exploitation (CSE) from the Department of Education (DfE, 2017) has been adopted:

"Child Sexual Exploitation is a form of child sexual abuse. It occurs when an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology".

It is understood that a significant number of children who are victims of CSE go missing from home, care and education at some point. Our school is alert to the signs and indicators of a child becoming at risk of, or subject to, CSE and will take appropriate action to respond to any concerns. The designated safeguarding lead will lead on these issues and work with other agencies as appropriate. This [one page process map](#) sets out arrangements for CSE in Essex.

So-called 'honour-based violence' (including Female Genital Mutilation and forced marriage)

Female Genital Mutilation (FGM) comprises all procedures involving partial or total removal of the external female genitalia or other injury to female genital organs. It is illegal in the UK and a form of child abuse.

As of October 2015, the Serious Crime Act 2015 (Home Office, 2015) introduced a duty on teachers (and other professionals) to notify the police of known cases of female genital mutilation where it appears to have been carried out on a girl under the age of 18. Our school will operate in accordance with the statutory requirements relating to this issue, and in line with local safeguarding procedures.

Forced marriage

A forced marriage is one entered into without the full consent of one or both parties. It is where violence, threats or other forms of coercion is used and is a crime. Our staff understand how to report concerns where this may be an issue.

Children with special educational needs and disabilities

Our school understands that children with special educational needs (SEN) and disabilities can face additional safeguarding challenges. Barriers can exist when recognising abuse and neglect in this group of children. This can include:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability, without further exploration
- That they may be more prone to peer group isolation than others

- The potential to be disproportionately impacted by things like bullying, without outwardly showing signs
- Communication difficulties in overcoming these barriers

Child criminal exploitation

Child criminal exploitation is a geographically widespread form of harm which is a typical feature of county lines criminal activity (county lines is when drug networks or gangs groom and exploit children to carry drugs and money from urban areas to suburban areas and seaside towns). Our school works with key partners locally to prevent and respond to child criminal exploitation.

Domestic abuse

Domestic abuse can take many forms, including psychological, physical, coercive control, sexual, financial and emotional. Our school recognises that exposure to domestic abuse can have a serious, long-term emotional and psychological impact on children. We work with other key partners and will share relevant information where there are concerns that domestic abuse may be an issue for a child or family or be placing a child at risk of harm.

Serious violence

All staff are aware of indicators which may signal that children are at risk from or involved with serious violent crime. These may include increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in well-being, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that a child has been approached by, or is involved with, individuals associated with criminal networks or gangs.

Contextual safeguarding

Safeguarding incidents and behaviours can be associated with factors outside our school. All staff are aware of contextual safeguarding and the fact they should consider whether wider environmental factors present in a child's life are a threat to their safety and / or welfare. To this end, we will consider relevant information when assessing any risk to a child and share it with other agencies to support better understanding of a child and their family.

Mental health

Our staff are aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. We understand that, where children have suffered abuse or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. Where we have concerns this may impact on mental health, we will seek advice and work with other agencies as appropriate to support a child and ensure they receive the help they need.

Positive mental health is the concern of the whole community and we recognise that schools play a key part in this. Our school aims to develop the emotional wellbeing and resilience of all pupils and staff, as well as provide specific support for those with additional needs. We understand that there are risk

factors which increase someone's vulnerability and protective factors that can promote or strengthen resiliency. The more risk factors present in an individual's life, the more protective factors or supportive interventions are required to counter-balance and promote further growth of resilience.

It is vital that we work in partnership with parents to support the well-being of our pupils. Parents should share any concerns about the well-being of their child with school, so appropriate support and interventions can be identified and implemented.

Online safety

We recognise that our children are growing up in an increasingly complex world, living their lives on and offline. This presents many positive and exciting opportunities, but we recognise it also presents challenges and risks. Any pupil can be vulnerable online, and their vulnerability can fluctuate depending on their age, developmental stage and personal circumstance. We want to equip our pupils with the knowledge needed to make the best use of the internet and technology in a safe, considered and respectful way, so they are able to reap the benefits of the online world.

The range of online risks could be categorised as:

content: being exposed to illegal, inappropriate or harmful material; for example pornography, fake news, suicide, racist or radical and extremist views;

contact: being subjected to harmful online interaction with other users; for example peer to peer pressure, commercial advertising as well as adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes;

conduct: personal online behaviour that increases the likelihood of, or causes, harm; for example making, sending and receiving explicit images, or online bullying

commerce: risks such as online gambling, inappropriate advertising, phishing and / or financial scams

All staff in our school are aware of the risks to children online and we seek to help children keep themselves safe online in a range of ways - further information about our approach to online safety is available in our E-safety policy.

10. Children missing in education

All children, regardless of their age, ability, aptitude and any special education needs they may have are entitled to a full-time education. Our school recognises that a child missing education is a potential indicator of abuse or neglect and will follow the school procedures for unauthorised absence and for children missing education. Parents should always inform us of the reason for any absence. Where contact is not made, a referral may be made to another appropriate agency (Missing Education and Child Employment Service, Social Care or Police).

Our school must inform the local authority of any pupil who fails to attend school regularly, or has been absent without school permission for a continuous period of 10 days or more. We will consult with the relevant Essex department with any concerns about children who are absent.

Children potentially at risk of greater harm

We recognise that some children may potentially be at risk of greater harm and require additional help and support. These may be children with a Child in Need or Child Protection Plan, those in Care or previously in Care or those requiring mental health support. We work with Social Care and other appropriate agencies to ensure there is a joined-up approach to planning for these children and that they receive the right help at the right time.

Our school understands that children with special educational needs (SEN) and / or disabilities can face additional safeguarding challenges. Barriers can exist when recognising abuse and neglect in this group of children. These can include:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability, without further exploration
- That they may be more prone to peer group isolation than others
- The potential to be disproportionately impacted by things like bullying, without outwardly showing signs
- Communication difficulties in overcoming these barriers

11. Allegations involving a member of staff

All staff members are made aware of the boundaries of appropriate behaviour and conduct. These matters form part of staff induction and are outlined in the Staff Behaviour policy / Code of Conduct. The school works in accordance with statutory guidance and the SET procedures (ESCB, 2019) in respect of allegations against an adult working with children (in a paid or voluntary capacity).

The school has processes in place for reporting any concerns about a member of staff (or any adult working with children). Any concerns about the conduct of a member of staff must be referred to the Headteacher (or the Deputy Headteacher in their absence), as they have responsibility for managing employment issues. Where the allegation concerns an agency member of staff, the Headteacher (or Deputy) will liaise with the agency, while following due process.

Where the concern involves the headteacher, it should be reported directly to the Chair of Governors.

SET procedures (ESCB, 2019) require that, where an allegation against a member of staff is received, the Headteacher, senior named person or the Chair of Governors must inform the duty Local Authority Designated Officer (LADO) in the Children's Workforce Allegations Management Team on **03330 139 797** within one working day. However, wherever possible, contact with the LADO will be made immediately as they will then advise on how to proceed and whether the matter requires Police involvement. This

will include advice on speaking to pupils and parents and HR. The school does not carry out any investigation before speaking to the LADO.

Staffing matters are confidential and the school operates within a statutory framework around Data Protection.

12. Use of reasonable force

The term 'reasonable force' covers a broad range of actions used by staff that involve a degree of physical contact to control or restrain children. There are circumstances when it is appropriate for staff to use reasonable force to safeguard children and young people, such as guiding a child to safety or breaking up a fight. 'Reasonable' means using no more force than is needed. Our school works in accordance with statutory and local guidance on the use of reasonable force and recognises that where intervention is required, it should always be considered in a safeguarding context.

13. Whistleblowing

All members of staff and the wider school community should be able to raise concerns about poor or unsafe practice and feel confident any concern will be taken seriously by the school leadership team. We have 'whistleblowing' procedures in place and these are available in the school Whistleblowing Policy. However, for any member of staff who feels unable to raise concerns internally, or where they feel their concerns have not been addressed, they may contact the [NSPCC whistleblowing helpline](https://www.nspcc.org.uk/what-we-do/our-services/whistleblowing/) on: 0800 028 0285 (line is available from 8:00 AM to 8:00 PM, Monday to Friday) or by email at: help@nspcc.org.uk.

Parents or others in the wider school community with concerns can contact the NSPCC general helpline on: 0808 800 5000 (24 hour helpline) or email: help@nspcc.org.uk.

14. Visiting speakers

Specified authorities will need to...[have] robust safeguarding policies in place to identify children at risk...These policies should set out clear protocols for ensuring that any visiting speakers – whether invited by staff or by children themselves – are suitable and appropriately supervised.

(Prevent Duty Guidance in England and Wales HM Government July 2015)

For our school this involves:

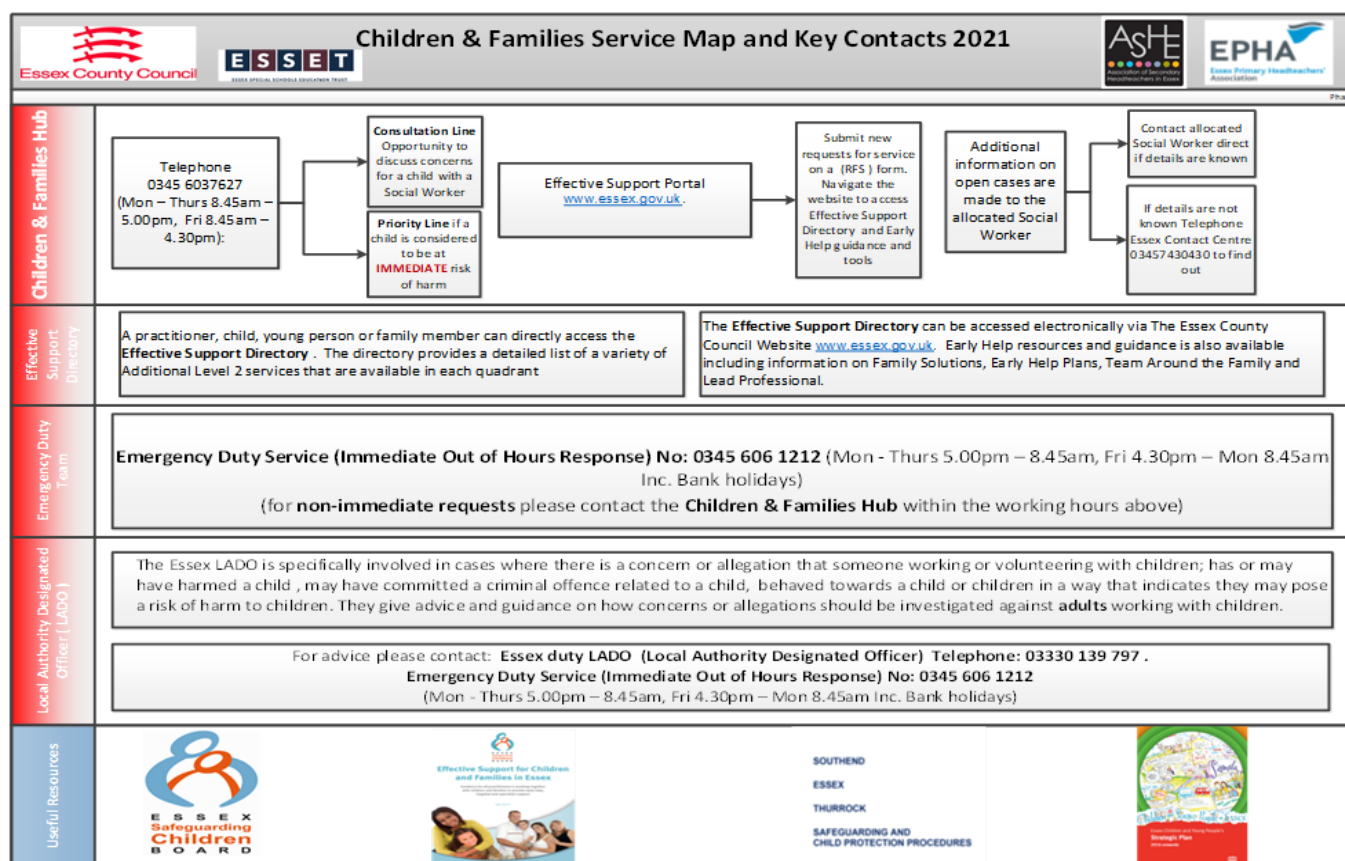

- A formal procedure for inviting speakers, which involves approval by the Headteacher and a clear understanding of why the speaker has been chosen
- A list of appropriate checks on the suitability of the person, which may include internet searches and/or contacting other schools where the person has spoken previously
- Although not always possible, it is useful to invite speakers from an established company, charity or other group whose aims are well-documented
- An understanding that the speaker will be expected to talk with staff about the content of the presentation before the event; speakers and staff must allow time for this discussion, whether it is on the day or beforehand

- An understanding that such talks and presentations will not be used to raise funds, without the prior written permission of the Headteacher
- Visiting speakers must arrive at reception in good time to book in, and must bring suitable identification. Although viewing DBS certificates may be appropriate, most visiting speakers will not be in 'regulated activity' and so will not necessarily have a DBS certificate to present
- Visitors must be supervised at all times and not left alone with pupils, unless they have confirmed DBS checks.

15. Equality statement

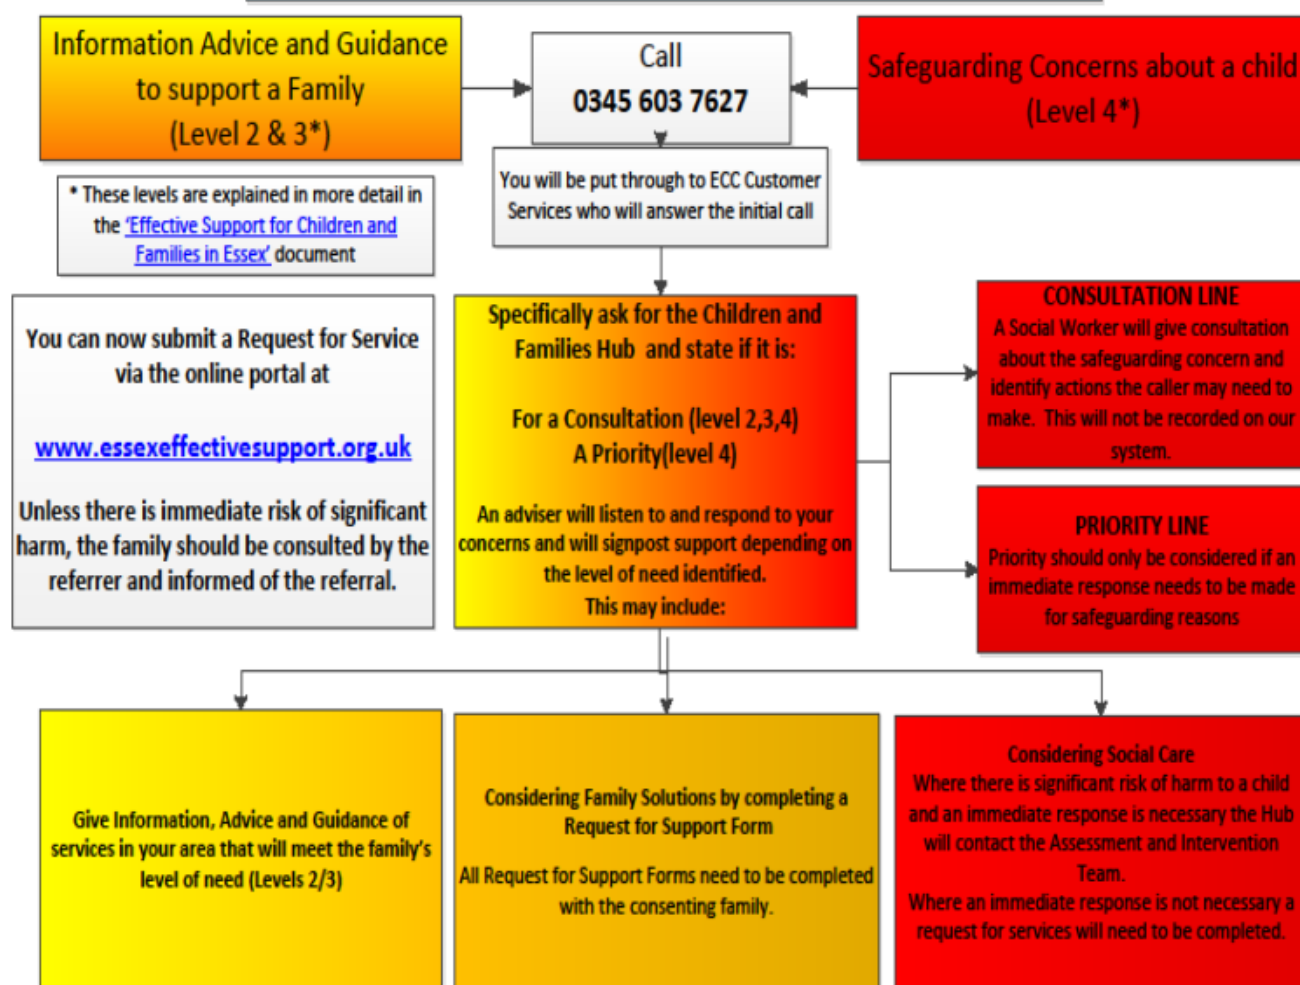

The governors and staff are committed to providing the full range of opportunities for all pupils regardless of gender, disability, and ethnicity, social, cultural or religious background. All pupils have access to the curriculum and the right to a learning environment which dispels ignorance, prejudice or stereotyping.

Appendix B - missing child protocol

Arrangements for children who go missing during the school day

Definition of Missing

The definition of missing used in Essex is 'anyone whose whereabouts cannot be established will be considered as missing until located and his or her well-being confirmed'.

(College of Policing Authorised Professional Practice Guidance)

1. Introduction

This guidance sets out the procedures to follow when children go missing from schools and other educational settings, hereafter referred to as educational settings.

Missing children are among the most vulnerable in our community. Sometimes children go missing from educational settings; when this occurs, it is important that action is taken quickly to address this, and in line with local procedures.

This document should be read in conjunction with the educational setting's Child Protection Policy, and the Southend, Essex and Thurrock Child Protection Procedures (SET Procedures).

- [Essex Schools Infolink](#) – for the model Child Protection Policy and other resources
- [Essex Safeguarding Children Board](#) – for the SET Procedures and other resources

A child going missing could be a 'one-off' incident that, following investigation, does not need further work. However, a child going missing frequently could be an indicator of underlying exploitation or other forms of child abuse.

Educational settings should consider missing episodes like any other child protection concern and take action as appropriate, for example, by contacting parents/carers, the Children & Families Hub consultation line, and in an emergency, the priority line or the police. It may be appropriate to use the Early Help Procedures (including holding a Team Around the Family meeting) to address the issues and prevent escalation. Advice should be sought and concerns should be escalated if there is no improvement.

Where children missing frequently are open to Children's Social Care, a Missing Prevention Plan may be in place. Where this is the case, the educational setting may be set actions as part of the Missing Prevention Plan and should receive a copy if consent has been provided.

2. When a child goes missing

When it is suspected that a child is missing from an educational setting this must be addressed immediately. Active steps to locate the child should be taken, for example, searching the premises and surrounding areas, contacting the child by phone, text and social media, and contacting their

parents/carers. If none of these actions locate the child, then they must be reported missing to the Police by dialling 101, **or 999 if there is a belief that the child is immediately suffering significant harm**. It is important that the police are informed of any checks already completed as it may save time and prevent duplication of tasks set by the police to locate a child.

Staff at the educational setting must inform the child's parents/carers that the child has been reported missing. Where there is a Social Worker allocated to the child, they should also be informed.

After a child has been reported missing, any further information should be communicated to the police by telephoning 101 and quoting the incident number that the police would have provided following the initial report. Further information must be passed to the police as soon as possible, as officers will continue to search for the child until informed of their return.

3. When the child is found

If the child is found by educational setting staff, or if the child returns to the premises of their own accord, the police must be notified immediately by dialling 101 or 999 if the matter is an emergency. It is important that this action is prioritised, as the child will remain classified as a missing person until seen by the police.

4. Essex Police

On receiving a report of a missing child, Essex Police will classify the child as missing and will respond based on the level of risk involved.

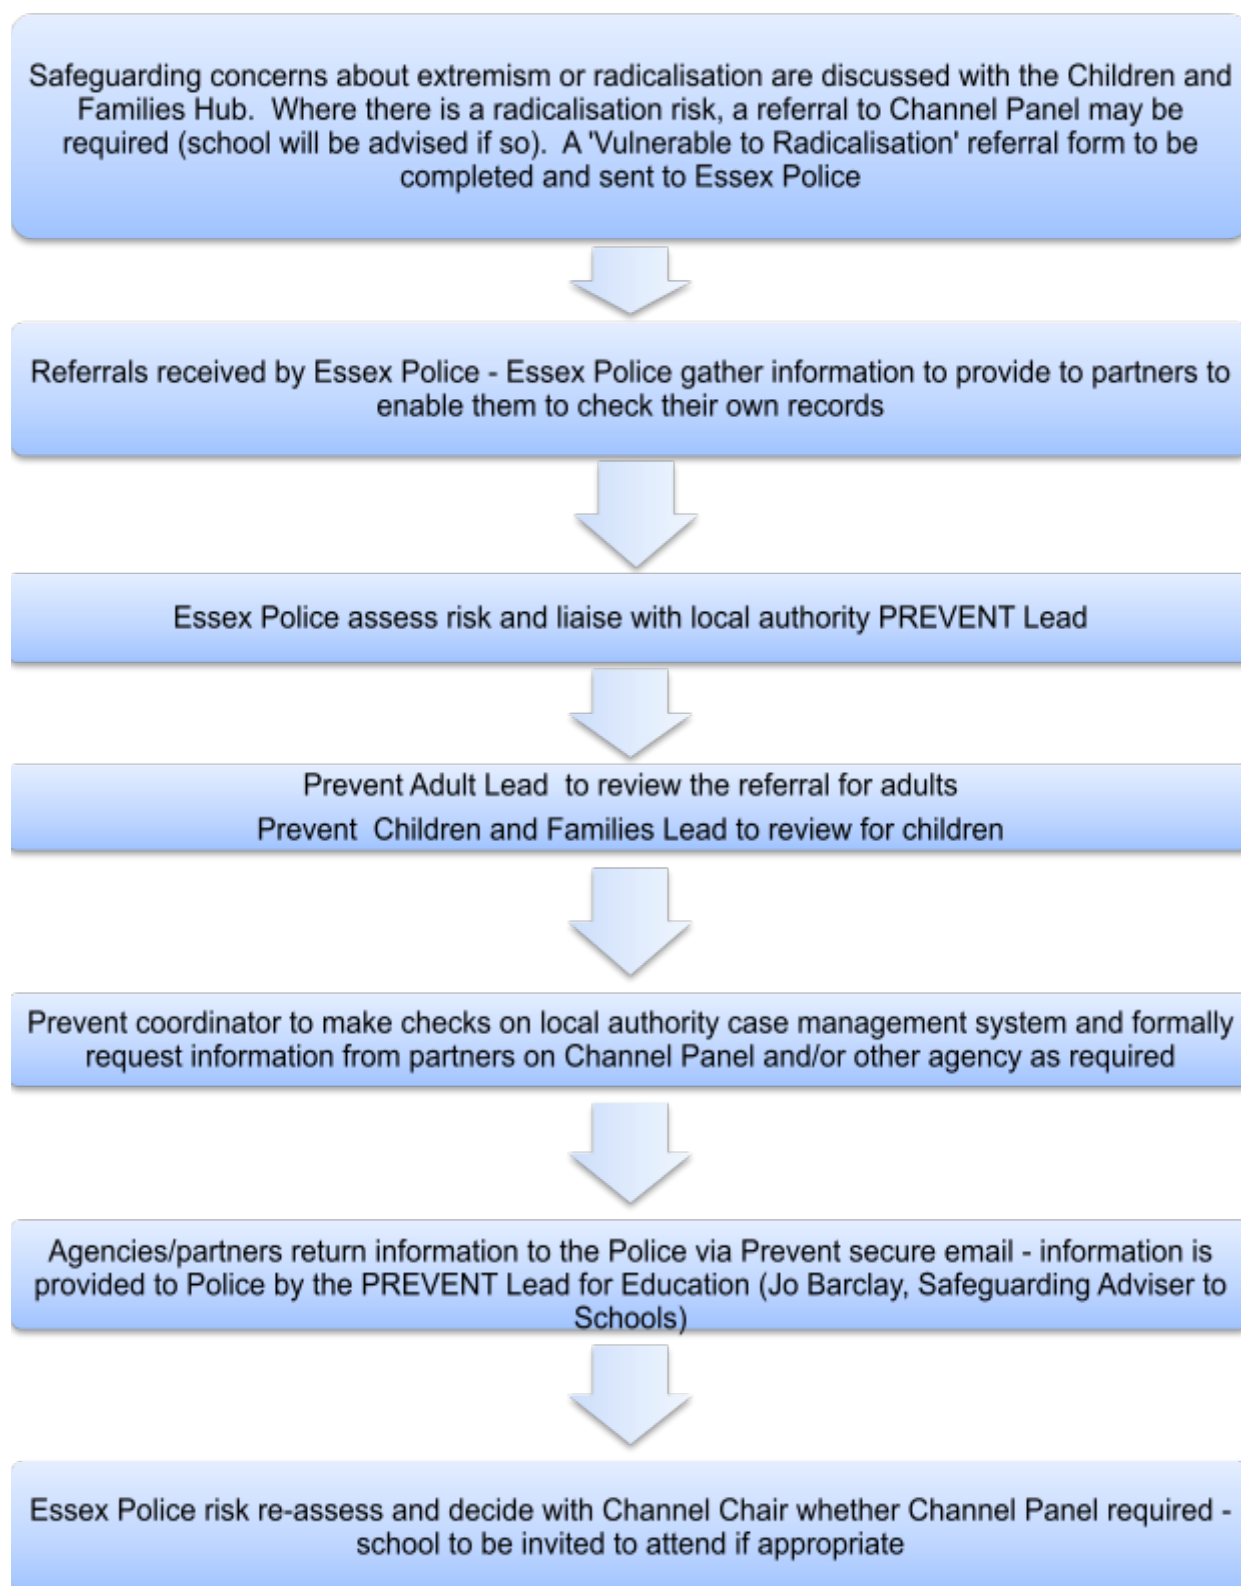

Essex Police will conduct a vulnerability interview for all children who have been missing and have returned. It may be that the child refuses to engage or speak with police. On these occasions the parents/carers can assist by reporting to officers their observations on the child's return, e.g. did the child shower, have gifts, appear unwell or under the influence of any substance, etc. The setting may also be able to contribute to this process and should provide the police with any relevant information or observations.

Each child that returns from missing will be offered a 'missing chat' (an independent return from missing interview) by a person not involved in their care. This will be facilitated by the Local Authority with responsibility for the child. Missing chats are offered to all children from Essex who go missing.

Appendix C: Additional safeguarding arrangements during COVID-19

During periods of partial closure due to lockdown arrangements, we have assessed the needs of all our pupils and put in place plans to support them and their families. These plans included an education offer and arrangements to support pupils with their safety and wellbeing. Where appropriate, the plans included actions and interventions from other agencies, as we continued to work with partners to provide an appropriate level of support. These plans were regularly reviewed to ensure they reflected current need and were updated accordingly to ensure appropriate support is in place.

We have now returned to full opening and our usual Child Protection Policy applies. However, as a response to COVID-19 and to ensure we are compliant with [government guidance](#) and Health and Safety law, other arrangements are in place and we have communicated this to all parents and is reflected in our risk assessment.

We have a robust risk assessment in place and will continue to regularly review this and update it as required. This review process will consider whether our current plans and protective measures are:

- effective
- working as planned
- updated appropriately, considering any issues identified and changes in public health advice

Where a class, group or small number of pupils need to self-isolate, or there are local restrictions requiring pupils to remain at home, the DfE expects schools to be able to immediately offer access to remote education.

Keeping pupils and teachers safe during remote education is essential. It is especially important for parents and carers to be aware of what their children are being asked to do, including:

- sites they will be asked to use
- school staff their child will interact with

Further DfE guidance for parents is available here: [support for parents and carers to keep children safe online](#). It is important that parents make the school aware of any concerns they may have about the online activity of their child, or any particular vulnerability they may have in this respect.

If the school is subject to further closure, our previous arrangements (as referred to above) for monitoring and supporting pupils will be reinstated.
