

WISE MEN, WISE MEN

All

CHORUS *Wise men, wise men,
On their way to Bethlehem,
Tired from travelling.
Wise men, wise men,
Following the star ahead
To the newborn King.*

Wise men

- 1 We looked at the sky, what a lovely surprise,
A star that we'd never seen.
We'd studied for years and at last it appeared,
There's a story you'll want to see.

CHORUS

Wise men

- 2 We're falling asleep in this terrible heat
And one of us needs a bath.
The camels are weak, there are sores on our feet,
But we've already come so far.

CHORUS

Wise men

- 3 The journey is slow, we've a long way to go,
We know that it's worth the wait.
And when we arrive there, we're sure that we'll find there's
A reason to celebrate.

CHORUS x 2

(Fading out as the wise men exit the stage)

Wise men, wise men, wise men, wise men,
Wise men, wise men, wise men, wise men.
