

Talking So Children Will Listen

Effective communication is the foundation of a healthy parent-child relationship. During our online workshops, parents and caregivers will learn the skills needed to communicate with their children in a constructive and encouraging way. This course emphasises the importance of using positive language, avoiding harmful labels, and fostering open dialogue that supports a child's emotional development. By understanding how words can shape a child's self-perception and behavior, participants will gain tools to nurture a more trusting and connected relationship with their child.
