

WRITTLE SCHOOLS NEWS

FRIDAY 11th SEPTEMBER 2026

Dear Parents,

What great week in the Wittle Schools, full of so many smiles, giggles and a lot of learning. As I visit the classrooms, I am always amazed by what I see going on. Our Reception children continue to amaze us as they have all settled so well into our routines and are flourishing in our early year's environment. A big thank you to our parental community for their amazing support with getting them settled so quickly.

It was also great to bring Yr2 over to the juniors on Tuesday to join in with Class NT. They looked so grown up working with Yr3,4,5 and 6. We will do this on a weekly basis and they will have a lot of fun during this session (with a lot of learning too!).

A special mention to Dorothea in Year 1, who helped me read out our Superstar Awards in assembly on Thursday. There were so many positive qualities to celebrate with our Yr1 and Yr2 and to hear some of them being read out by a pupil was amazing.

Finally, we can now see our fundraising going to good use as both playgrounds will look very different by the end of next week as we complete Stage 1 of their development. Every week I thank the Friends of Wittle Schools... they are simply awesome and their drive to support the schools is so much appreciated.

Wishing you all a wonderful weekend.

NP Taylor
